## THE GLASS4GOOD™ PROGRAM

Glass recycling contributes to the overall health and well-being of communities. It conserves energy and natural resources while also reducing waste.

GLASS4GOOD™ is a program developed by O-I to increase glass recycling in every community in which we operate. Through collaboration with the City of Danville, residents can safely and properly recycle their glass at four designated collection sites. After processing, the collected glass (cullet) from Danville's GLASS4GOOD™ program is used at O-I's closest facility and is formed into new glass, sometimes in as little as 30 days. To further impact the community through glass recycling, O-I also provides a charitable donation to United Way of Danville-Pittsylvania County based on the weight of collected glass.

## Third Chance Housing: Recipient of 2025 GLASS4GOOD™ Donations

Recommended by the UWDPC Board of Directors, Third Chance Housing is a fairly new but effective non-profit in Danville making a difference working with at-risk families by supporting families in need of rent or utilities assistance. They advocate for these families, provide empowerment classes for financial stability, and collaborate with others doing similar work. UWDPC receives over 500 calls a year. Of these, 40% need utilities assistance and 36% need rent assistance. GLASS4GOOD™ donations to Third Chance Housing will allow the organization to assist more families facing crisis.
